

Dear Parents and Students,

As we near the end of the fall semester, we are sharing with you the schedule of midterm exams, below. Exams are administered during the period of midterms (January 9-18) only for non-elective courses that meet 4-5 times per week. Please note, however, that even in those subjects, some teachers have opted to give their classes alternative assessments rather than midterm exams. As you review the schedule below, it is important to keep in mind that, while the various grades are scheduled to take exams in certain subjects on specific dates, each student will know from her teacher whether her class is taking that exam or working on a different project.

This schedule also appears on the Ma'ayanot website; click on the link at the bottom of the site, under "Announcements". Please do not hesitate to contact us with any questions.

Be-hatzlacha!

Sincerely,

Rivka Kahan, Tamar Appel, and Elana Flaumenhaft
