SENIOR BIOGRAPHY
(confidential)

Please answer the following questions as carefully and thoughtfully as you can. They are not meant to pry, but to help us write about you as completely and persuasively as possible when you apply to college. The completed biography, the Common Application, and the Transcript Release are due on THURSDAY, SEPTEMBER 5th. When you submit them, make an appointment with us to discuss your college options and application schedule.

Ms. Mallin and Ms. Birnhak

1. What have you done during the summer which may be useful for us to know prior to writing a recommendation for you?

2. What do you consider to be your most significant extracurricular interest/involvement, **at Ma'ayanot or outside of school?** Why?

3. What is important to you at this stage of your life?

4. What makes you special? What is there about you that makes you different from other members of your class or your peers? It doesn't have to be earthshaking; it may be something quite small or unobtrusive. We would like to know how you see yourself. (Use the other side of the sheet if necessary.)

Your answer is vital; do not be modest here!

5. If you were asked to write your own letter of recommendation to the college of your choice, how would you "sell" yourself? In answering this question, think about what you feel you bring to college and in what way you will make a contribution to the college community.
