

**AP Statistics Summer Assignment**

Welcome to AP Statistics. I am looking forward to teaching you and learning from you!

We will speak at length about Statistics and its relevance when we meet in September.

Meanwhile, I would like you to get you started with some reading. As you read the assigned text, get into the habit of taking your own notes. These notes will be valuable to you when doing assigned exercises and studying for assessments.

**Do a little bit at a time. It becomes overwhelming if you leave it to the last minute.**

Attached to this email is the first chapter of our AMAZING textbook: The Practice of Statistics.

Write down all the questions you still have or anything that you don't understand. I will be happy to answer those questions and clear any misunderstandings when we meet in September.

Have an amazing summer,

Dina Klapper

**AP Statistics Summer Assignment**

Read Pages 2-7, 9-22, 30-46, 54-74

Take notes as you are reading and write any questions you have!
